Invitation

To mark the 35th anniversary of ASEAN-Korea Dialogue Relations, the Hyundai Motor Chung Mong-Koo Foundation, in collaboration with Korea University's Asiatic Research Institute ASEAN Center, is proud to host a forum on "Sustainable Development in Southeast Asia." This event follows the landmark decision on October 10, 2024, when ASEAN and Korea established a "Comprehensive Strategic Partnership" at the ASEAN Summit. This highest level of partnership, aimed at enhancing mutual exchange and cooperation across politics, economy, security, and culture, serves as the backdrop for this distinguished gathering of experts. The forum will explore vital strategies for sustainable development, with key discussions on topics such as "Achieving the Sustainable Development Goals," "Responding to the Climate Crisis," and "Green Growth and Technological Advancements."
